April 19, 2010

Dear Mr. and Mrs. Svitek,

On behalf of the staff and I at Robbins Park, we greatly appreciate the generous donation of \$1,000.00 from the Kate Svitek Memorial Foundation.

One of the main focus' this year is planting some understory vegetation as well as planting more native shade trees along the banks of Rose Valley Creek. This is a natural way to aid in stream bank restoration, minimize erosion and repair any damages from the route 309 construction.

The other focus I would like to discuss more with you is creating an educational program on Kate's behalf, where kids can have an introduction to nature and hiking, as Kate enjoyed the outdoors herself and helping others discovery it!

Thank You.

We greatly value your continued support through the years.

Sincerely,

A handwritten signature in cursive script that reads "Lisa Fantini".

Lisa Fantini  
Director of Robbins Park
