

# WISSAHICKON CHARTER SCHOOL

---

June 13, 2008

Dear Frank, Ellen and Michael,

Thank you so much for your very generous grant of \$6,500 in support of the Kate Svitek Memorial Expedition. Your gift will go far to enhancing the educational experience of our students and building the capacity of the school.

We feel honored that you have selected Wissahickon Charter School and value your support. Thank you again for your contribution to our school. We will keep you up to date and informed with regards to the trip and the students' experience. Mr. Mike Friedman, Middle School Science Teacher, is the lead on this project and will be in touch with regards to details.

All the best and thanks again,

Autumn Band is here  
to help to bring the students on the  
trip this fall. It's so exciting  
and extremely meaningful  
to us.

Julie Stapelton Carroll  
Founder and Executive Director of Development
