Dear Frank and Foundation,

I opened your envelope a few moments ago and the words "Thank you" do not do justice to the feeling I have of the support you have given to making this trip/course possible. I wish I could tell Kate what she has given to the students you have supported. With tears in my eyes, know that I share my thanks to you from all of us involved in this endeavor. Thank you Frank, Mrs. Svitek, and your Foundation.

Sincerely,  
Denise & Phil McClung
