*Thank you for your
generous support
of Riverbend.*

Dear Mr. Svitek,

Thank you so much for your generous grant of \$1,000 towards our Alec Williamson Bird Observation Area. All of us at Riverbend are excited about this contribution and moving forward with the project.

Your contribution helps Riverbend provide a window into the natural world for some 10,000 children every year. At a time when children are spending more and more time indoors, we offer them an exciting opportunity to make a one-on-one connection with nature, enabling them to learn more about the world around them, as well as themselves.

This gift will help us fulfill our plans to fully re-landscape and improve the Alec Williamson Bird Observation Area, first established in 2002. Under the current project, we will be breathing new life into the area, planting a diverse assortment of trees in a number of distinct zones in order to attract a wide variety of birdlife year round. In turn, we'll continue having long-term effects on the children who visit every year. While they're having fun and discovering new things, we are preparing them for lives as future stewards of the planet.

Thank you again for your generous contribution. With it, you enable us to continue our work of changing children's lives – and bringing smiles to their faces – through environmental education.

Sincerely,

Rob Bies
