Dear Mr. and Mrs. Svitek,

Thank you for your generosity. During my trip to North Carolina, I learned how to apply my ideas and thoughts to others, cook, and most importantly patience. The best thing I learned there was to apply my ideas and thoughts. I never thought I could help people with my opinions. Now I know my ideas could actually help others. Now I think I can talk to and communicate my ideas to people much better than before.

Something that happened on my "adventure" is hiking into the late night. For some odd reason, we always stayed away from camp until night time. When we finally reached our campsite, it was really late. Another fun time I had was canoeing. I learned how to "do the bow." I really enjoy canoeing. While on course I was also stung by a hornet or wasp. It hurt a lot and I had to take a lot of Benadryl. It was one of the greatest experiences of my life and, for that, I thank you.

Sincerely,

A handwritten signature in cursive script that reads 'Tiffany M. Diaz'.
